Median work scheduled for WIS 44 in Winnebago County

(Green Bay) The Wisconsin Department of Transportation (WisDOT) Northeast Region office in Green Bay is announcing pavement repairs, bridge maintenance and landscaping will be starting at the US 41 and WIS 44 Interchange the Monday, April 22, 2013. Ramps exiting US 41 onto WIS 44 will be open at all times, however, during certain stages, left turns onto US 41 entrance ramps will not be allowed. Traffic on WIS 44 will be reduced to one lane in each direction.

This bridge work and approaches will be completed in mid-June. The final landscaping along the WIS 44 median from Washburn to Koeller will be complete by end of October. Construction will be halted entirely from June 22, 2013 to August 5, 2013 due to high-volume traffic from local events.

All lane restrictions and work operations are weather dependent and subject to change.

Visit us on [Facebook](#) and follow us on [Twitter](#) for additional details on US 41 traffic impacts and lane closures in Brown and Winnebago counties.
